My Personal Portfolio link : www.al-Reza89.com

I am currently a final-year BSc student majoring in **Computer Science & Engineering** at **Shahjalal University of Science and Technology**. Throughout my academic journey, I have gained a good understanding of core computer science subjects, including **object-oriented programming, machine learning, data structures, algorithms, and networking**. Also I am actively engaged in **hackathons**.

SKILLS

Languages	C++, java, JavaScript, TypeScript, Python
Front-end	React.js, Next.js
Styling	CSS3, TailwindCSS, SASS
Back-end	Node.js, Express.js
Database	MongoDB, PostgreSQL, MySQL
Machine Learning	Numpy, Pandas, sklearn, matplotlib
Others	Prisma, Git, Linux, Github CI/CD, Docker, Husky, Prisma ORM

PROJETS

SUST RESEARCH ARCHIVE

2022-23

github.com/thesis-work/thesis-repo-research-archive www.research-archive.com

This research archive is a resource for students, faculty, and the broader community .

TypeScript Next.js Express.js NextAuth Prisma MongoDB husky mantineUi ReactQuery

E-COMMERCE

2023

github.com/al-Reza89/web-project-e-commerce www.ecommerce.com

Try To implement the website like e-commerce for my web-project.

TypeScript Prisma Next.js13 zustand 3-types role next-auth tailwind mui-table

REUSABLE COMPONENT

2023

github.com/al-Reza89/scalable-architecture www.reusable-component.com

Reusable component makes your productivity faster. In this Project I want to make a website that will store all my previous component ..

TypeScript Husky Tailwind Next.js code-sandbox next-auth mongodb

CLASSROOM MANAGEMENT

2023

github.com/al-Reza89/java-servlet-project

Online classroom management system where there are 2 types of users students and teachers. Teacher can create course and student can join on it.

java mysql apache server tomcat servlet jsp

Blog & Research Topic

- > Check out my latest insights and thoughts on various topics over at [Medium](https://medium.com)
- > I published a research paper titled "Classifying Bangla Book's Context : A Multi-Label Approach" at the 2023 26th International Conference on Computer and Information Technology (ICCIT) [IEEE Conference ID : 60459].
- > For my final year thesis, I am exploring the fascinating realm of **Control-Based Table to Text Generation**, a subset of Natural Language Processing (NLP).

Extracurricular Activities

- > Second runner-up in **Orbitax SUST SWE TECHNOVENT hackathon** held from **26-28 Feb 2023**.

TEAM PHEONIX

2023

github.com/faridulreza/hackathon-we github.com

A tool for detecting mind wandering in real-time during online activities such as classes or meetings.

ML React.js chrome-extensions

- > Champion in **Smart Village 2023 Idea Competition Sylhet Division** held on **23 May 2023**.
